## SYMBOLS AND OTHER USAGE

The following symbols, where shown in columns of figures or elsewhere in tables, mean:

n.a.	not available
n.e.i.	not elsewhere included
n.p.	not available for separate publication (but included in totals where applicable)
n.y.a.	not yet available
--	nil or rounded to zero
..	not applicable
p	preliminary — figure or series subject to revision
r	figure or series revised since previous issue
.	break in continuity of series (where drawn between two consecutive figures or columns)
**	the estimates in this table or series are based on information from a sample survey and are subject to sampling variability
*	very small estimates are subject to high standard errors (relative to the size of the estimate) which detracts seriously from their value for most reasonable uses. These estimates, preceded by an asterisk, should be used with caution.

Where figures have been rounded, discrepancies may occur between sums of the component items and totals.
